Bohlke's Condition Continues to Improve

Recent word has been received, through the Daily Californian, that Russ Bohlke's condition has improved greatly since his football accident last fall.

The former Hartnell student has been convalescing in Cowell Hospital for the past 14

weeks. He broke his neck in pre-season football practice last September and was completely paralyzed when first brought to the hospital. Now Russ is able to move his arms freely and is bringing his legs back into use. He hopes to be up and around in a wheel chair before the month is over and wants very much to attend the Cal football banquet.

Although Bohlke was well enough to be removed to a hospital in Carmel, he wanted to stick around the campus during Christmas vacation. His parents, however, visited him as well as many of his fraternity brothers.

Cal students built up a fund of over \$1,000 before Christmas in

Christopher Bean Cast Is Chosen

A popular comedy, "The Late Christopher Bean," went into rehearsal on Tuesday, January 4. The play, written by Sidney Howard, will be presented by Delta Psi Omega on February 9, 10, 11.

The cast is as follows: Dr. Haggett, Bill Holm; Mrs. Haggett, Donna Musler; Abby, Jacqueline Day; Susan, Marguerite Sander; Warren Creamer, Don Lo Presti; Tallant, Richard Cimino; Rosen, James Clark; and Davenport by Gardner Pond. Each member of the cast will be an alternate for another member in case of mishap or illness.

The stage manager is Colleen Dolan; prompters, Jacqueline Day, and Gardner Pond; makeup, Donna Musler and Marguerite Sander; publicity, Don Lo Presti, and Bill Holm; wardrobe mistress, Carmen Costa; and in charge of programs is Don Feliz.

Vets May Transfer To State Vet Plan

Veterans at Hartnell College who are planning to take advantage of state educational assistance for the first time in the coming semester are urged by Mr. Jerry Girdner, dean of men, to consult with him without delay.

Mr. Girdner said veterans near the end of the training entitlement under the Federal G.I. Bill of Rights may be able to continue their education through changing over to the California Veterans' Educational Institute plan. By looking into the matter before the end of this semester, they can avoid the reregistration rush and unnecessary delays in payment.

Under this plan, a veteran may qualify for state payment of his tuition fees, books, and supplies, plus a subsistence allowance of \$40 a month. A total maximum expenditure of \$1,000 per veteran is allowed.

To be eligible, a veteran must have been born in, or entered military service from, California, and must have served at least 90 days prior to January 1, 1947.

Although the state department

(Continued on Page 3)

Football Season Financial Success

In the most successful football season financially that Hartnell has ever had, there were 22,718 paid admissions to the six home games played at the Salinas stadium, according to Mr. Karl Bengston, Hartnell College comptroller.

Pay Flying Dues Now

Next Friday, January 14, will be the last day for students who have signed up for the Hartnell flying club to pay the \$15 initiation fee which is required for membership in the club. Since more than 60 students signed up, and only 40 will be able to join, it is important to pay your dues to Mr. Karl Bengston in the office soon. After the initial payment a fee of \$2 monthly and \$2.50 per flight hour will be required.

The club will be able to buy a plane for the price of the combined initiation fees. Flying and maintenance expenses will be paid from the students' dues.

The plane will be fully insured. The club will operate under policies set up by the administration, and an attorney will arrange the organization of the club.

Either Mr. Emil Ramos or Mr. Richard Carlisle can furnish further details.

New Time Schedule

All 4 o'clock classes will be discontinued beginning with the new semester, President John B. Lemos announced this week. All buses will leave the college at 4:15 p.m.

To offset the closing down of 4 o'clock, the 8 o'clock classes will be increased in number.

Changes in the time for classes were made for the benefit of the many students who come on buses and who will now be able to make most of the day's journey by daylight.

These paid admissions did not include 350 season ticket holders and Hartnell student body card holders who were admitted free.

These football fans paid during the season a total of \$15,863.04 to get in the gate. Out of that income \$2,450.98 went to the government to cover the federal amusement tax, leaving \$13,412 out of which to pay numerous expenses.

Some of the expenses incurred on the season's income are guarantees for opposing teams, football equipment, player and rain insurance, tickets, officials, ticket sellers, and doormen.

Armistice Day's game with San Francisco drew the largest crowd with a total of 6,415 paid admissions. Second was the Modesto-Hartnell game with 4,261 tickets sold. Thanksgiving Day's game with Monterey drew the lowest number of fans with a total of only 1,982.

Approximately 22,718 paid admissions were registered. Of these there were 15,861 adults, 4,057 students, and 2,800 children. Not counted in this total are the season ticket holders, student body card holders, and bands.

Funds Revised By Budget Committees

To allow for the overdrawing of the football budgets and a new speech fund, the budget committee of the student commission met recently and revised the entire surplus fund.

The budget which received the greatest increase was the general football budget to the amount of \$170. This includes \$50 for telephone calls that were made previously. To cover the loss of both Hartnell players and Monterey Peninsula College players at the last football game, a new budget was established amounting to \$105.

Other budgets increased were speech budget, miscellaneous telephones, basketball awards, football awards, and miscellaneous. The entire increase amounted to

(Continued on Page 3)

Eight New Courses Offered Next Semester

Approximately eight new courses will be offered next semester as Hartnell College expands its offerings to meet present needs of the students.

Introduction to the study of education, Education 40, will be taught by Mr. Karl Bengston. This will be an exploratory course designed to afford the student an understanding of the policies and practices of public-school education. Students will be given information concerning the work and necessary qualifications of a successful worker in the field of education. There will be an opportunity for limited practice teaching.

Mr. Samuel King will have a transcription class to be known as Commerce 86.

Drama 40A, a course in radio drama, will be given by Mr. Harold Ulrici. The radio and electronics course given by Mr. Dennis Nelson at Hartnell A. and M. will include instruction in television.

A survey course in biological science for those Lower Division students who are majoring in biological science will be taught by Mr. James Wilson. This course will be known as Zoology 10.

If you need to improve your reading ability or your rate of reading, there will be a reading course given by Mrs. Eleanor Perry or Mr. James Wells. The Home Economics 10 course on house design has been redesigned and will consist of house planning and management.

A course on marriage and the family will be given by Mr. Richard Carlisle. It will include a study of marriage and the family as social institutions. This course offers an opportunity for those interested in marriage to consider the reasons for marriage, friendship, dating, courtship, the age for marriage, and the physical, mental, and emotional qualifications for marriage. Special emphasis will be placed on emotional maturity, temperament traits, and psychological adjustment. This course will be called Sociology 51.

Red Cross Calls For Volunteers

The American Red Cross is calling for volunteers to help with some local activities in the near future. Workers needed will be in the clerical, canteen, and entertainment fields. A meeting will be held Monday noon in room 35 for anyone who is interested in student activities with the American Red Cross.

The list of volunteers will be taken at this meeting, but the activities will not start until after final exams. The Red Cross directors must have the list of volunteers early, however, because some training will be given to the students for the activities they sign up for.

Chief activity for which they want help is the blood program which is to start about the middle of February. For this program they will need clerical and canteen workers. The girls in the nutrition class will also help with this work to gain experience in serving at different types of functions.

Students over 21 may donate blood to the program. Students under 21 may also donate blood but only with their parent's consent. Health regulations require that the donor be in good health physically, and that he has not had malaria.

A second activity, if enough students desire it, will be a short course in ski safety.

Another activity for which student aid is being solicited is for entertainment programs to be

Moresi Paintings Are on Display

Featured in the Art Gallery this week are the drawing and water color paintings of Charles Moresi, art major from Watsonville. Some of these paintings were taken from sketches made at Columbia, and some were painted at Moss Landing.

Charles is transferring to the Art Center School in Los Angeles next semester to specialize in commercial art.

After spending 17 months with the army in Korea, Charles came to Hartnell and completed his high school credits in his first semester here. He has been here since the spring term of '47.

He plans to enter the field of magazine illustrating. About Charles Moresi, Instructor Leon Amyx says, "He has shown unusual progress, for when he entered Hartnell he had never studied art, not even in high school."

HAMLET

"Hamlet" will be presented at the Golden Bough Theater in Carmel Wednesday afternoon for students at a reduced price. Students wishing to go should buy their tickets at the main office for \$1 before 4 p.m. Monday.

sent Fort Ord. They may be either musical or dramatic.

This Red Cross work would give students varied experience in the fields they cover, and will also be of great help to the community.

WEE GEE

By ANNABELLE

A new year is here as well as the familiar "I resolve—" There is a way of making money on those resolutions. Put a quarter away for every one made. At the end of 1949 find that list of resolutions and for every one broken take out a dollar. Each resolution that has been kept—put in a quarter. Something is bound to come out uneven.

It will always happen. When Cal lost the Rose Bowl game, the following day California newspapers gave reasons and arguments why U.C. did lose the game. Very little was mentioned about the winning team, which really counts.

There may be a cold war going on in Europe but it doesn't take a war to keep the Californians cold in this area. Temperatures have been dropping below freezing and 'tis plenty cold coming to school these mornings. Also with the arrival of January came standard time and Jack Benny on a new station. It isn't quite so dark when you grope your way to the bus stop or into the cafeteria nowadays. Then again some people complain that they can't sleep in the mornings because of the sunshine!

Shag did it. Richard O'Shaughnessy and Judy Wikstrom repeated nuptial vows on December 23. Best man was a fellow seen around here a lot—Coach Bob Robinett. The little wife is back at the University of Nevada while Shag is here at Hartnell.

A few other girls are sporting those engagement rings since vacation.

First Coed: "He's a perfect gentleman on a date."

Second Coed: "Yeah, I think he's boring, too."

With nothing else to pass the time, some of the fellows improvised shuffle board games down in the cafeteria. What will it be next week?

Phil Trine Recovering From Polio

An Admiral radio-phonograph was given to Phil Trine as a Christmas present from his friends in Santa Cruz and Hartnell College. This handsome gift was tied with a big red ribbon and left under the Christmas tree at his brother's home in Felton where Phil spent the holidays.

On December 29 he was the guest of honor at a party given by his brother to wish him a rapid recovery and to celebrate his homecoming. Many Hartnell students were there to give Phil their best regards.

Other activities that Phil was able to take part in were several basketball games in the Santa Cruz town league, which he announced, and a New Year's Eve party given at Loren Ingols home. Phil is showing great improvement, and the fact that he is in a wheel-chair doesn't daunt his activities, nor his social life. All who saw Phil agree that he looks fine and is making a rapid recovery from infantile paralysis.

Alumnus Gets Design Postion

Charles Varner, 1942 graduate of Hartnell College, has just accepted a position as a design engineer in the fuselage section at Douglas in Santa Monica.

After leaving Hartnell, Varner worked for the Consolidated Aircraft company for two years. He then went into the army. In 1946, he entered Colorado university where he recently graduated with a B. S. in engineering. While there he achieved a 2.6 average out of a possible 3.

He was a member of the Pi Tau Sigma and the Sigma Tau, engineering honorary societies.

Varner is now married to Elaine Mitchel of Spreckels, who graduated from Hartnell with him. They have an 8-months old son.

David Bird Elected To Succeed Nate Williams As Ski Club President

David Bird was elected as the new president of the Ski Club to fill the position of Nate Williams. Williams announced at the meeting that he was leaving school to serve an enlistment in the navy.

Williams, here for only one semester, has made himself well known by his football playing and in leading the ski club. Before turning over the gavel to Bird, he carried on the regular business of the club.

Thirty reservations have been made at Yosemite lodge for a ski trip by the club on January 21-22. All ski enthusiasts are urged to sign up for this trip since weather indicates good skiing. There were 50 inches of snow at Badger Pass during Christmas and with the cold weather now there is a good possibility of more snow before the trip.

Many Hartnell Students Attend Rose Bowl Game

Many Hartnell students were fortunate enough to acquire Rose Bowl tickets and witness the Cal-Northwestern game in Pasadena. Some were a little overdue in getting back to school, but they made it, and were full of enthusiasm.

Among those attending were: Doug Stemler, Tom Ford, Roy Johnson, Jim Cordial, Jerry Perchesky, Joe Olivera, Doyle Burnett, Mr. Henry Cassidy, Eldon Jackson, Stan Miller, Don Mitts, George White, Bob Ward, Bill Key, Loren Green, Pat Alexander, Charlie Happ, Raymond Harder, Milton Thompson, and Don Hufhines.

FUNDS REVISED . . .

(Continued From Page 1)

\$730.14, which was taken out of a special fund for football.

After transferring the \$230 allowed for the football banquet into the general fund, the committee re-established the banquet fund.

The group decided that if the football budget was overdrawn again the purchase order book would be recalled and from then on all purchase orders will have to go through the commissioner of finances.

BOHLKE . . .

order to buy him a television set. He was able to view the East-West game January 1. Several days later Russ was able to see the Rose Bowl game too. Movies of the Pasadena game were flown to San Francisco to be televised in the Bay Area.

Commerce Courses

Hartnell College commerce department has courses of study practically identical to the courses suggested by the State Steering committee announced Claud Addison, dean of the occupational division.

Hartnell Cafeteria Prepares Food For Three Schools

An interesting fact few know about is that the staff of Hartnell cafeteria cooks also prepares lunches for Lincoln and Sherwood elementary schools in Salinas.

The first cook begins work at 7 a. m. each morning preparing the meals for the three schools. At 11 a. m. the elementary school lunches are placed in pre-heated vacuum casseroles and delivered to the schools. From these containers the meals are served piping-hot to the children at noon.

Approximately 500 lunches a day are served at Lincoln school by the PTA, and at Sherwood school by the Mother's club.

Art Class Sees DeYoung Display

The DeYoung museum in San Francisco was the scene of the painting class's latest trip. On December 11, several members of the class went to San Francisco to view the paintings of the old masters on display there under the auspices of the United States Army.

These paintings were discovered in the German salt mines by American soldiers. They consist of the paintings of such artists as Vermeer, Rembrandt and Van Hals. The army is conducting this tour to raise money for the relief of German children in the war-torn countries.

Students who attended the exhibit were Clotilda Castro, Ted Maddock, Bob Kensinger, Chas. Moresi, Joyce Anderson, Lorraine Signorotti, Mr. J. R. Clark, former Hartnell College librarian, Mr. and Mrs. Walker and Mr. and Mrs. Leon Amyx.

VETS MAY . . .

(Continued From Page 1)

of Veterans affairs encourages veterans to use up their federal entitlement first, there are cases in which it may be wiser to use the state plan now, and save their federal allowance for the future, Mr. Girdner said. This applies particularly to veterans planning graduate studies outside California, where the state cannot assist them, or those planning professional training.

Full information on the California Veterans Educational Institute is available at the Monterey County Veteran Service Office, located in the County Court House.

Hartnell College District Formation Approved By State Education Board

Formation of a Hartnell College district was given approval by the state board of education at a meeting this week in Los Angeles. This cleared the way for a special election Tuesday, January 25, when voters of the Salinas Union High School District will decide on the new junior college district.

Superintendent J. F. Ching attended the Los Angeles session of the state board of education but approval was granted without any additional explanation by the school executive. Detailed reports on the need for the new district had been submitted to the board in advance by Superintendent Ching.

With separation of Hartnell College and Hartnell School of Agriculture and Mechanics from the Salinas union high school district, it will eventually be possible for the junior college district to expand beyond the boundaries of the present high school district. This will widen the tax base for the junior college and relieve taxpayers in the high school district of some of their present tax burden, school administrators said.

Under school law the total maximum tax rate is the same for a junior college and a high school district covering the same area whether they are in the same district or not. However, a junior college in a high school district, as Hartnell College is at present, cannot expand beyond the high school district. A junior

college district, as proposed, can include one or more high school districts.

Both Hartnell College and Hartnell School of Agriculture and Mechanics will be included in the new junior college district.

Dysle Selected On Williamson All-American

Ed Dysle had new laurels added to his football career last week when the Williamson Scientific Football Ratings and Predictions of New Orleans placed him on their first team Junior College All-American selections. Dysle had previously been picked on the United Press All-American first squad.

Dysle was picked to fill the tackle position on the United Press pickings, although he played only guard during the season, but was placed at his regular position on the Williamson team.

Burl Toler and Hugh McElhenry were the only other men from California junior colleges. Toler is from San Francisco City Col-

Brown Captain

Four Panthers Selected On All-American Squad

Hartnell College Panthers placed four gridmen on the first team of the "A" division N.C.J.C. all-conference eleven. Jim Morrison, end, was the only player to make the team for a second year. Ed Brown nosed out Ollie Matson as captain. Len Diederichs, outstanding

left tackle, and All-American Ed Dysle at guard complete the quartet of stars.

Morrison, end, was the repeater for this spot for the second year. He, as all fans saw, played great football for the Panthers, both on defense and offense.

Brown, who received the most votes from opponent coaches and sports writers, was named captain of this All-Conference team.

Hartnell Defeats Yuba In First Modesto Game

Hartnell cagers came out on top in their game with Yuba Junior College at the 11th annual Modesto invitational basketball tournament this week. The contest was played Wednesday with the score being 64-39.

Coach Ed Adams used all 10 men who made the trip. Jim Cordial was high point man for the Panthers with 17 points. He made eight field goals and one free throw. Cliff Cracknell was second with 12 points.

San Francisco City College ran over Hollister 70-31, Santa Rosa beat Monterey 82-49, Modesto swamped Antelope 58-34 and Muir edged out Menlo 41-37.

The Hartnell J.V.'s defeated the Salinas "B" League All Stars in the local gym Wednesday night.

Panthers Repeat Wins Over All Opposition

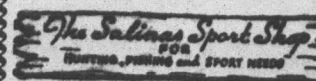

Christmas holidays were, for the most part, no vacation for Coach Ed Adams' basketballers as they practiced and played to keep in shape for the fast approaching conference season opener against the highly touted San Francisco Rams.

lege and McElhenny played for the Compton Tartars, national junior college champions.

Each of the players selected on the All-American groups will be presented with a Williamson System All-American certificate for 1948. Hugh McElhenny will be awarded the trophy for the most valuable player in junior college circles.

The teams are selected by the coaches and sports writers throughout the country who subscribe to the Williamson Poll. Reports are sent to the Williamson office and then on the record of the team and players during the season, the All-American team is selected. This same syndicate rated Hartnell eleventh in the nation among junior colleges at the end of the current football year.

One of the greatest passers in junior college football, Brown earned the respect of all opponents and coaches.

Len Diederichs who held down the left tackle position for this year's squad was named for this spot on the All-Conference team with ease. He was always a starting man.

Ed Dysle, who was presented with the Sproles-Alumni trophy as the most valuable player in the homecoming game played with the San Francisco Rams on Armistice Day, won guard honors easily. The specifications to receive this award must comply with sportsmanship, leadership, and just downright plain hard football.

This was the most successful year of football for the Hartnell Panthers and Coach Bob Robnett is hopeful of an excellent team next season.
